Specialist Treatment Centres

Please note that if you are receiving cancer treatment that includes a bone marrow or stem cell transplant, you are only covered for this treatment when it is received in a BUPA recognised specialist treatment centre. If you need this type of treatment please contact your helpline for details of these specialist treatment centres.

Psychiatric Treatment

Not all BUPA schemes provide cover for psychiatric treatment. If you are unsure whether you do have this cover, please contact your helpline. For those members with schemes that provide psychiatric cover, please phone your helpline for a list of BUPA psychiatric network hospitals. Please remember that your claim for day-case or in-patient psychiatric treatment will only be eligible if BUPA has agreed to the treatment in writing before it begins.

YOUR CARE IS A KEY
PRIORITY AT BUPA
MURRAYFIELD HOSPITAL,
EDINBURGH

Purpose built and equipped to provide the highest standards of medical care, this 69 bedded private hospital also has a strong consultant base and highly qualified nursing and paramedical support and, like all BUPA Hospitals, this high quality clinical care is provided in comfortable surroundings.

What is a Partnership Network Hospital?

BUPA has taken the care to select and form agreements with a network of quality hospitals in the UK. As a BUPA member you can be assured that these partnership network hospitals are committed to BUPA's excellent standards.

The hospitals on this list may change from time to time. You should always contact your helpline before arranging any treatment to:

- check your chosen hospital is a BUPA partnership network hospital and
- confirm the cover available to you under your membership.

Do you have a scale of cover?

You will need to ensure that you receive treatment in a category of hospital accommodation that is within your scale of cover. The different categories of accommodation reflect the charges made by the hospital for that accommodation and in no way reflect the quality of the treatment/care you will receive.

The categories of accommodation available at each hospital may change from time to time so always contact your helpline before arranging treatment to check the categories of accommodation available.
